## About NGO

---

“MADHUMAY EDUCATIONAL AND RESEARCH FOUNDATION (MEARF)” It was established in 2014 under Uttar Pradesh Society Registration Act 21, 1860. It promotes rigorous research and development of interactive and adaptive learning environment for learners of all ages, across all domains. It tries to understand how education is shaped by different contexts, understood, organized and practised in other cultures, regions and time-periods.

On 03/06/2014 Madhumay Educational And Research Foundation was established with an aim to grow the widespread advancement of redefined education and research. As the present scenario suggests if education is represented and provided with the new dimensions each day, learning and education will both become so interesting and easy and it is a proven fact that it is even beyond imagination to think of new dimensions, developing thoughts/education without research endeavours. Let we declare that for these very basic education, research and thought expressions and materialisations as well as new innovations in education the institution has been making painstaking efforts and will it keep on as well.

Our main goal is to provide awareness, support facilities and work for the development of research and educational activities in the fields of Engineering, Science and Technology for the service of mankind and the advancement of general welfare.

Our Aim is to collect psychoanalytical and scientific researchable fact of all aspects of human society as materialistic, spiritual, psychic and behavioural etc.

MEARF works on the principle of the education which focuses on publishing social human problems along with finding welfare-solutions.

Therefore, MEARF is really concerned with the generalization of educational and researchable facts in its coming forth-publishing issues to help society in going forth in advancement and prosperity.

This is our concern, this is our aim and this is our mantra
